Continued from page 2

The first part of the report deals with the general  
 conditions of the country and the progress of the  
 various departments. It is found that the country  
 is generally well settled and the people are  
 industrious and enterprising. The progress of  
 the various departments is as follows:

Agriculture: The crops are generally well  
 advanced and the harvest is expected to be  
 a good one. The stock raising industry is  
 also well advanced and the people are  
 generally well satisfied with the progress  
 of the various departments.

Education: The schools are generally well  
 attended and the progress is good. The  
 people are generally well educated and  
 the progress of the various departments is  
 good.

Commerce: The trade is generally well  
 advanced and the progress is good. The  
 people are generally well satisfied with the  
 progress of the various departments.

The progress of the various departments is  
 generally good and the people are well  
 satisfied with the progress of the various  
 departments.

*[Faint, illegible handwriting on lined paper, possibly bleed-through from the reverse side. The text is mirrored and difficult to decipher.]*

Handwritten text at the top of the page, possibly a title or header, written in a cursive script.

Second line of handwritten text, continuing the narrative or list.

Third line of handwritten text, showing a continuation of the writing.

Fourth line of handwritten text, with some visible ink bleed-through from the reverse side.

Fifth line of handwritten text, appearing as a distinct section or entry.

Sixth line of handwritten text, showing a change in the flow of the document.

Seventh line of handwritten text, with some faint markings and bleed-through.

Eighth line of handwritten text, continuing the main body of the document.

Ninth and final line of handwritten text at the bottom of the page.
