PAPERBOAT

F. A.

1. The first boat is made of a single sheet of paper, folded lengthwise, and then folded again to form a narrow strip. The ends are then folded back to form a pointed prow and stern.

2. The second boat is made of a single sheet of paper, folded lengthwise, and then folded again to form a narrow strip. The ends are then folded back to form a pointed prow and stern.

3. The third boat is made of a single sheet of paper, folded lengthwise, and then folded again to form a narrow strip. The ends are then folded back to form a pointed prow and stern.

4. The fourth boat is made of a single sheet of paper, folded lengthwise, and then folded again to form a narrow strip. The ends are then folded back to form a pointed prow and stern.

5. The fifth boat is made of a single sheet of paper, folded lengthwise, and then folded again to form a narrow strip. The ends are then folded back to form a pointed prow and stern.

6. The sixth boat is made of a single sheet of paper, folded lengthwise, and then folded again to form a narrow strip. The ends are then folded back to form a pointed prow and stern.

7. The seventh boat is made of a single sheet of paper, folded lengthwise, and then folded again to form a narrow strip. The ends are then folded back to form a pointed prow and stern.

8. The eighth boat is made of a single sheet of paper, folded lengthwise, and then folded again to form a narrow strip. The ends are then folded back to form a pointed prow and stern.

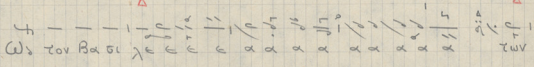

9. The ninth boat is made of a single sheet of paper, folded lengthwise, and then folded again to form a narrow strip. The ends are then folded back to form a pointed prow and stern.

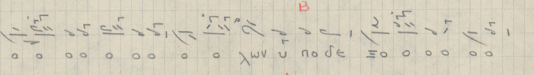

1950

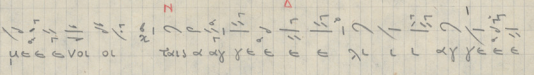

10. The tenth boat is made of a single sheet of paper, folded lengthwise, and then folded again to form a narrow strip. The ends are then folded back to form a pointed prow and stern.
