# AMERICAN.

201

The American people are a people of the future. They are a people who are not content with the present, but who are always looking forward to a better future. They are a people who are full of energy and who are always ready to take on new challenges. They are a people who are full of hope and who are always ready to believe in a better tomorrow.

The American people are a people of the future. They are a people who are not content with the present, but who are always looking forward to a better future. They are a people who are full of energy and who are always ready to take on new challenges. They are a people who are full of hope and who are always ready to believe in a better tomorrow.
