"ILL MET BY MOONLIGHT"

Music Scheme to be Discussed

1. Main and Credit Titles. Music starts over map of Crete as planned and continues until first shot of African Port. Estimated length  $2\frac{1}{2}$  - 3 minutes. If two tunes are used, "Philedem" should be the first because close-up of Dirk Bogarde with his Title precedes Main Title.
2. Music starts again over Island of Crete. When we cut to the interior of the Island music should change to "Philedem" theme to introduce Paddy sitting on the wall. → LILI MARYLEN
3. MIKY ↗ When Paddy climbs up to the Café he hums the tune of "Philedem".
4. When Paddy walks through Herakleion he again hums a snatch of "Philedem".
5. In the Dentist sequence musical sounds will underline the threat of the Germans and the suspense while they are there.
6. Music starts again over M.L. approaching the Island by night and finishes as Bill Moss lands.
7. Music starts on cue: "Well, well!" and continues until the yell of 'All clear'.
8. The party in Michali's house. This continues pianissimo into bedroom until dialogue starts.
9. When we first see the General query whether we hear the German musical theme.
10. Ditto when the General passes Paddy at the road junction.
11. Music starts on "The moon, Elias". Music continues through establishing shots of the kidnapping party until we hear the first car, which is the Volkswagen.

Note: Discuss whether this is the right place for the music to finish.

12. The Snatch. Music starts as soon as hand-brake is taken off and the car drives away. The first phase of this music finishes when we cut to the Corporal at the Villa Ariadne.
- Note: Discuss this and also whether there is music over the first cut of the dumplings.
13. The second phase of the Snatch music starts over the exterior of the Villa with the guard turned out. Music starts as car is heard approaching and continues on through checkpoints and into Romikleion. It stops dead when we see the garrison cinema crowd.
14. Third phase starts on "which way?" and runs over the dumplings in ruins where it stops.
15. Fourth phase starts again with full triumphant "Philedon" over car in the mountains and continues to car slowing down and stopping where they all get out.
- Music de l'Ans (Theme of Memans)*  
Music starts with German theme over shot of Germans coming up the mountain and continues over the evacuation of the village up to the reading of the leaflet.
16. Music starts over General's hat and continues over the hunt for the fugitives, finishing in the Shepherd's hut with night-mare music over Bill, half-asleep, half-asleep.
17. Music starts again in Shepherd's hut over Bill and Paddy baffled by Charis' news. It continues over Germans and the moon changing to three days later, finishing over "Alice in Wonderland" in Paddy's hands.
18. Dance rhythm voice and music for raki distillery sequence.
19. Mountain journey with General starts with music over boiling raki and continues through following sequence. It has not been decided where it should finish. Should it be over the trickling spring? or on "Thalassa"? or when we see the Germans?
20. The Beehives. Troubled and confused theme of music starts over Nikko's hesitation and finishes when we cut back to the General.

22. Music starts again on "I've sent Nikko on an errand", continues over Nikko running down to the beach and his encounter with the German sentry and finishes over the General slapping his thigh with satisfaction.
23. Music with German theme starts again in the tent on the beach when the commander shouts "Los!" It continues all through the following sequence underlining the suspense, changing to subdued "Philadelph" when Bill says "He's done it" to Paddy. "Philadelph" continues crescendo to fortissimo over shots of Jaud and the Andartes, continues diminuendo over first shot of beach and goes out under sentry's crunching boots.
24. Music starts very faintly and builds up in slow crescendo over the arrival of the Andartes during Sandy's dialogue on the beach. It comes to a climax and stops when they have all arrived.
25. There might be satyric music gently underlining the scene where the General gets back his medals.
26. Final music starts over last shot of Bill and Paddy outside cabin and continues until THE END.

"TILL MET BY MOONLIGHT"

Points for discussion on the music.

November 21st, 1966.

1. Main and credit titles continuing into commentary. Music stops at end of commentary.
2. The Island and the Sea.  
We would like to use the Island music in a new arrangement, not Philides and continue right through the bus sequence until the bus stops at Knoesee.
3. / Mikin suggests introducing German scene twice in the dentists scene.
4. / Music starts over H.L. and finishes with a dimissendo into the whispers on the shore.
5. Starts again on "Well, well," and continues through the dialogue scene until the all clear.
6. Music to join end of the party into the bedroom until dialogue starts
7. The name here because music starts again on "Goodnight" and carries right through the next scene, changing to German theme and finishing on dialogue.
8. German theme, when they are reseying the road.
9. German theme again, on the words "Car coming."
10. Music starts on the Moon Hiss.  
We are not quite sure where this music should finish. (Halt, etc.)
11. The scratch.
12. Music in the village. H.A.
13. Music in the shepherds hut up to "Alice in Wonderland".
14. The trek through the mountains. We suggest music all through and continuing after "Thalasse" up to shot of Germans by the sea, before the dialogue starts.
15. Sequence I. The German theme starting as the boy takes the gold coin.
16. Starts again on Rilke running and finishing on 'Halt!'
17. Partisan music starts after the line "They are on the road to Patzimo," finishing under the crunch of the Sentry's boots. This is the Partisan theme.
18. Partisan music for the arrival of the Andartes.  
Where should this music start?
19. Music for the end of the picture.

Handwritten musical score for a multi-instrument ensemble. The score consists of six systems of music, each with multiple staves. The instruments include woodwinds (oboe, bassoon), brass (trumpet, tuba), strings (violin, cello, double bass), and percussion (timpani, snare drum, bass drum). The notation includes various rhythmic values, rests, and dynamic markings. The score is written on a light-colored background with blue ink. The first system features a complex woodwind entry with sixteenth-note patterns. The second system shows a brass section with eighth-note chords. The third system includes a prominent timpani part. The fourth system features a woodwind solo with sixteenth-note runs. The fifth system shows a brass section with eighth-note chords. The sixth system concludes the page with a woodwind section.

Handwritten musical score continuation. The score begins with a woodwind section playing eighth-note chords. This is followed by a brass section with eighth-note chords. The third system shows a woodwind section with sixteenth-note runs. The fourth system concludes the page with a woodwind section.

The musical score is composed of eleven staves, likely for a large ensemble. The notation is dense and technical, featuring various clefs (G, F, C), time signatures (common time, 2/4, 3/4, 6/8), and dynamic markings (ff, f, s). The music consists of complex rhythmic patterns with many eighth and sixteenth notes, often grouped by vertical bar lines. There are several slurs and grace notes. The manuscript is written in blue ink on aged paper.
